PROFESSIONAL SUMMARY

Recent B.Tech Information Technology graduate with hands-on experience in Python, Full Stack Development, Machine Learning, and Generative AI. Proficient in developing secure web applications using Flask, React.js, Node.js, MongoDB, HTML, CSS, and JavaScript. Strong foundation in REST APIs, SDLC, authentication, database management, and AI-powered application development with excellent problem-solving and communication skills.

TECHNICAL SKILLS

Programming Languages : Python

Web Technologies : HTML, CSS, JavaScript, React.js, Node.js, Express.js, Flask, Tailwind CSS

Database : MongoDB Atlas, SQL

AI / Machine Learning : Machine Learning, Scikit-learn, Generative AI, OpenAI API (Basic)

Libraries : Pandas, NumPy, PyMongo

Tools : Git, GitHub, VS Code, Render, Vercel

Core Concepts : Object-Oriented Programming (OOP), Data Structures, DBMS, REST APIs, CRUD Operations, Software Development Life Cycle (SDLC), Problem Solving, Communication, Team Collaboration

INTERNSHIP EXPERIENCE

Data Science Intern | Coding Rajas Technologies

May 2024 – Jul 2024

- Assisted in machine learning model development and exploratory data analysis using Python, Pandas, and NumPy.
- Performed exploratory data analysis and assisted in machine learning model development using Python, Pandas, and NumPy.

PROJECTS

AI-Integrated Online Assessment Platform | 2025

Tech Stack: React.js, Node.js, Express.js, MongoDB Atlas, JavaScript, HTML, CSS, JWT, Generative AI, OpenAI API

- Designed and developed an AI-powered online assessment platform with secure role-based authentication, online examination management, and responsive dashboards.
- Integrated Generative AI and REST APIs to automate question generation from uploaded syllabus documents and implemented result management.

Employee Management System

Tech Stack: Python, Flask, MongoDB Atlas, HTML, CSS, JavaScript, PyMongo, Pandas, OpenPyXL, ReportLab, Render

- Built a Flask-based Employee Management System featuring secure authentication, employee CRUD operations, dashboard analytics, and REST API integration.
- Implemented Excel/PDF report generation, migrated the application from MySQL to MongoDB Atlas, and deployed it successfully on Render.

EDUCATION

Bachelor of Technology in Information Technology

Bapatla Engineering College, Bapatla | 2021–2025

CGPA: 6.8 / 10

Intermediate (MPC)

Narayana Junior College, Chirala | 2019–2021

Percentage: 83.6%

SSC

Bhashyam High School, Chirala | 2018–2019

CGPA: 8.7 / 10

CERTIFICATIONS & ACHIEVEMENTS

- Python Full Stack Development with GenAI – Codegnan (Ongoing)
- Generative AI & Data Analytics Job Simulation (Forage) - TCS
