Summary

Recent B.Tech Information Technology graduate with hands-on experience in Python Full Stack Development. Skilled in Python, Flask, React.js, Node.js, MongoDB Atlas, SQL, REST APIs, and Generative AI. Experienced in developing web applications, implementing CRUD operations, integrating databases, and building secure applications. Good understanding of SDLC, debugging, and problem-solving. Strong communication, teamwork, and continuous learning skills.

Education

Acharya Nagarjuna University
Bachelor of Technology (B.Tech)

Graduated: 2025

Bapatla Engineering College

Skills

Programming Languages: Python, JavaScript

Web Technologies: HTML5, CSS, Bootstrap

Frameworks: Flask, Tailwind CSS

Databases: SQL, MongoDB

Libraries: Pandas, Numpy

Developer Tools: Git, GitHub, VSCode, Render, Vercel

Core Concepts: Data Structures, DBMS, OOP, CRUD Operations, Software Development Life Cycle (SDLC)

Soft Skills: Analytical Thinking, Communication, Team Collaboration, Time Management

Experience

Data Science Intern – Coding Rajas Technologies *Python, Pandas, and NumPy* May 2024 - July 2024

- Developed Python-based data analysis solutions using **Pandas** and **NumPy**
- Performed data preprocessing, cleaning, and exploratory data analysis.
- Debugged Python programs to improve accuracy and performance.
- Applied analytical and problem-solving skills to derive meaningful insights.

Projects

AI-Integrated Online Assessment Platform — React.js, Node.js, Express.js, MongoDB, Python 2025

- Developed a secure AI-powered online assessment platform using **React.js, Node.js, Express.js, and MongoDB Atlas**.
- Implemented **role-based authentication**, CRUD operations, and database integration for teachers and students.
- Debugged and optimized the application while following **SDLC** principles for development and deployment.

Employee Management System — Python, Flask, MongoDB Atlas

- Built a **Flask-based Employee Management System** using Python with secure authentication and CRUD operations.
- Integrated **MongoDB Atlas** for efficient database management and data storage.
- Generated **Excel and PDF reports**.

Awards & Certifications

- **Generative AI Data Analytics Job Simulation** — TCS Forage.
- **Data Science Internship** — Coding Rajas Technologies
